zoom

Rave Reviews

"we should check texture, taste and smell" (and then a discussion that you should never taste an unknown substance)

"woah, cool! The color changed"

"Is that a chemical change or a physical change?"

"Oh wait, I'm not done. I made a mistake in my logic"

And one child showed us her secret message on golden rod paper - "This is so fun!"

"I feel like a chemist"

We love to do
SCIENCE!

Thank you Redwood
City Library and ACS!
